

Fit Size

About sizing

It can be hard to find the **perfect fit** when shopping online

Clothing size depends on the country of origin, the company

People may have **different needs** for alterations

Benefits of our solution

Easy to use

Less products returned

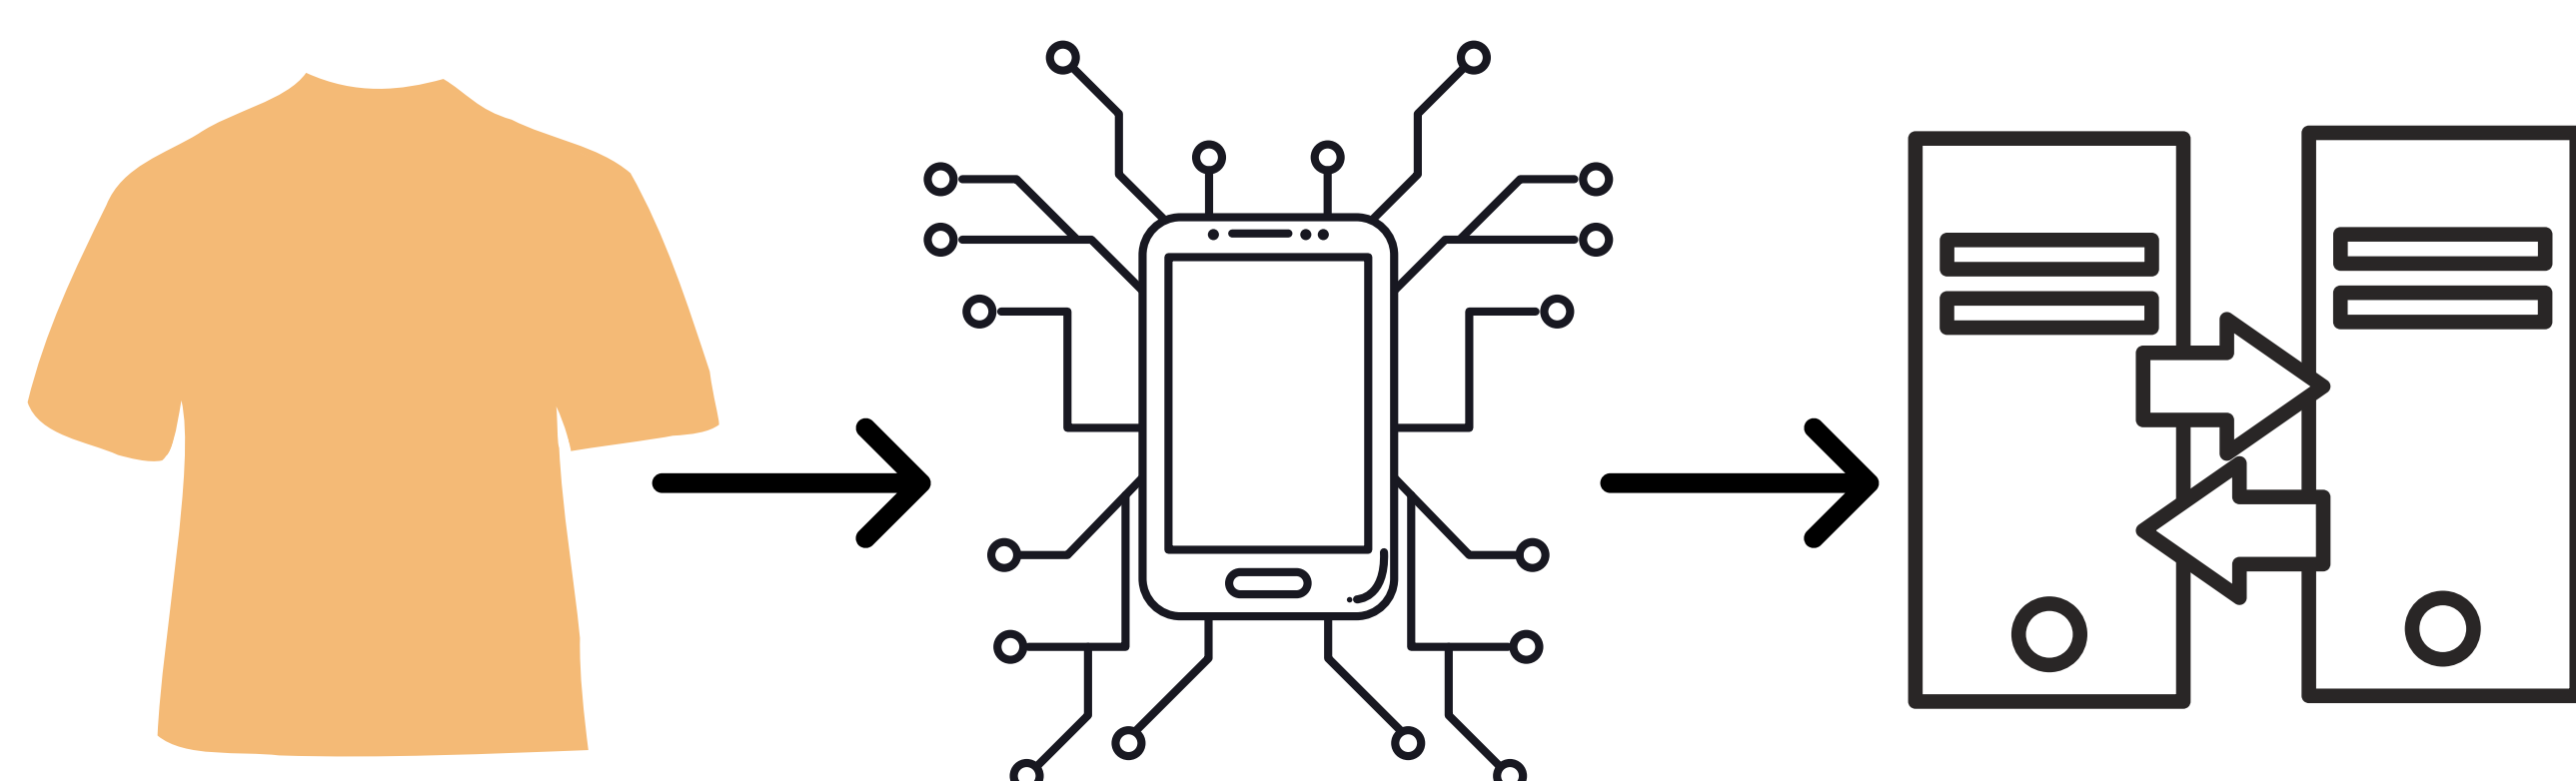

Good environmental impact

How does it work ?

- 1 Take a **picture** of your favorite **outfit** with your phone
- 2 Provide **needed dimensions** through easy guided steps
- 3 See the **best size** for your dream outfit online
- 4 Buy the clothes you want **without having to return them !**

Methods

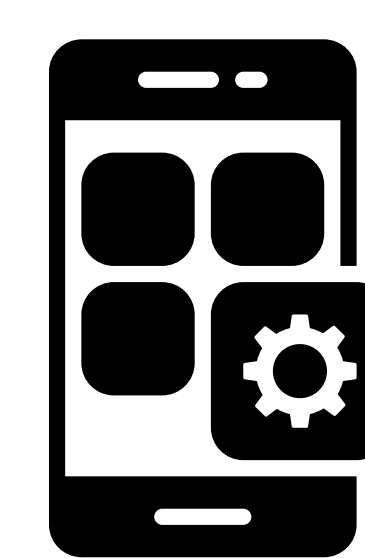

Pictures and **measurements** are taken with a mobile application

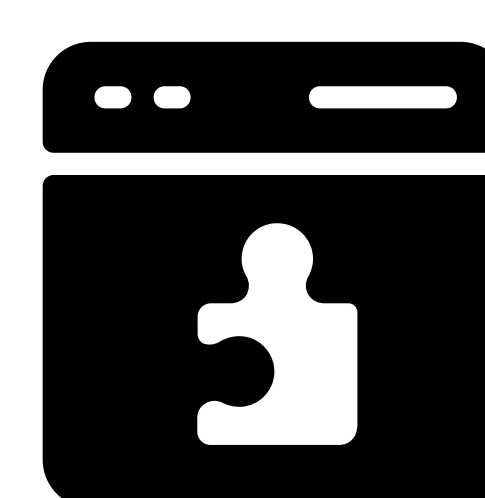

Measurements are **compared** to the online shopping store data

Measurements are **saved** on a remote server

Features

Mobile application used to retrieve **your size** for different types of clothing (T-shirt, pants, underwear, shoes, glasses)

Plugin usable on your internet browser providing the perfect size of the model from an online shopping store you want to buy, calculated using the FitSize system.
